

Robert D. Jamison Jr.

# Fire Station No. 1

The New Fire Station #1 combines two existing facilities, Fire Station #1 and #5, into one. To help better serve the Tuscaloosa area, the City has placed Fire Station #1 at a more central location at the intersection of 15<sup>th</sup> Street and Greensboro Avenue. Once this station is complete, it will be the largest Fire Station in the City. This station will not only facilitate the Tuscaloosa City Firemen, but also an administrative staff.
