# Phi Gamma Delta Chapter House

This project consisted of a total renovation of the existing 15,000 sf house and a stand alone 3,000 sf addition to be used for alumni gatherings. The renovation included installation of a fire sprinkler system, asbestos abatement, total plumbing and electrical replacement, a new roof, replacement of all doors and windows, and all new finishes throughout. The overall project was completed in eight months.

Owner: Phi Gamma Delta House Corporation
