

Mark Lancaster

# Scott Crump Toyota

Scott Crump Toyota is a new “ground-up” facility located at the intersection of Old Hwy 78 and Industrial Drive in Jasper, AL. This new facility sits on 7 acres with over 500 parking spaces and has 43,000 sf under roof. The reinforced fiberglass basement, manufactured by EnviroLube, is one of the first installed in the southeastern United States. EnviroLube produced a video of the installation that will be used for marketing their product throughout the country. A condensed version of the video will be available on our website at [www.warconstruction.com](http://www.warconstruction.com).

Owner: John Crump Automotive dba Scott Crump Toyota
